emily.mantilla@seafoodcrc.com

## **Applications to attend the Seafood CRC Professional Diploma in Entrepreneurship are now open**

If you have an innovative seafood idea but not sure where to go or who to turn to, then this course is for you.

The beauty of the course is you can attend all the modules and graduate with a Professional Diploma or just attend your modules of choice. The course is also suitable for all industry, university or research provider members.

To download a copy of the 2010 information kit and for instructions on how to apply visit the Seafood CRC's home page on [www.seafoodcrc.com](http://www.seafoodcrc.com)

## **Got an idea for a small research project?**

Then maybe your idea would make a great project for a student to undertake. The CRC is currently looking for projects suitable for PhD, Masters and Honours level.

Talk to Rachel King today to find out more.
